## HUNGARY FACED WITH VITAL DECISION: REPORTED TREATY OFFER BY GERMANY MYSTERY ACTIVITIES OF COUNT CSAKY

### Reich Pressure Causes French Press Anxiety

LONDON, AUGUST 18 (REUTER).—THE GENERAL MYSTIFICATION SURROUNDING THE ACTIVITIES OF THE HUNGARIAN FOREIGN MINISTER, COUNT CSAKY, WHO IS OFFICIALLY "HOLIDAY MAKING" IN GERMANY, IS STILL NOT CLEARED UP.

Count Csaky this morning left Salzburg with his host, Herr Frick, German Minister of Interior, the destination being unknown, but it was earlier reported that he would be going to Rome.

Rumours circulating unofficially in Berlin refer to a reported 22-point treaty stated to have been offered to Hungary by Germany. It is thought in Bucharest that Hungary is faced with a decision which may be vital to her regime and independence.

PARIS, Aug. 18 (Reuter).—The reported German pressure on Hungary is the subject of some anxiety in the press.

"Petit Journal" says, "Once Hungary is vassalised, either by guile or brute force Poland, will have to fear an attack on the southern front."

A sop to Hungary is predicted by Madame Tabouls in "Oeuvre." She writes, "We learn that Slovakia was apparently the object of the conversations between Count Csaky, Hungarian Foreign Minister, and Herr von Ribbentrop, German Foreign Minister."

"The Reich would give up the idea of annexation of Slovakia to Bohemia and Moravia and would cede it to Hungary on condition that Hungary consented to be a sort of economic and military protectorate of the Reich."

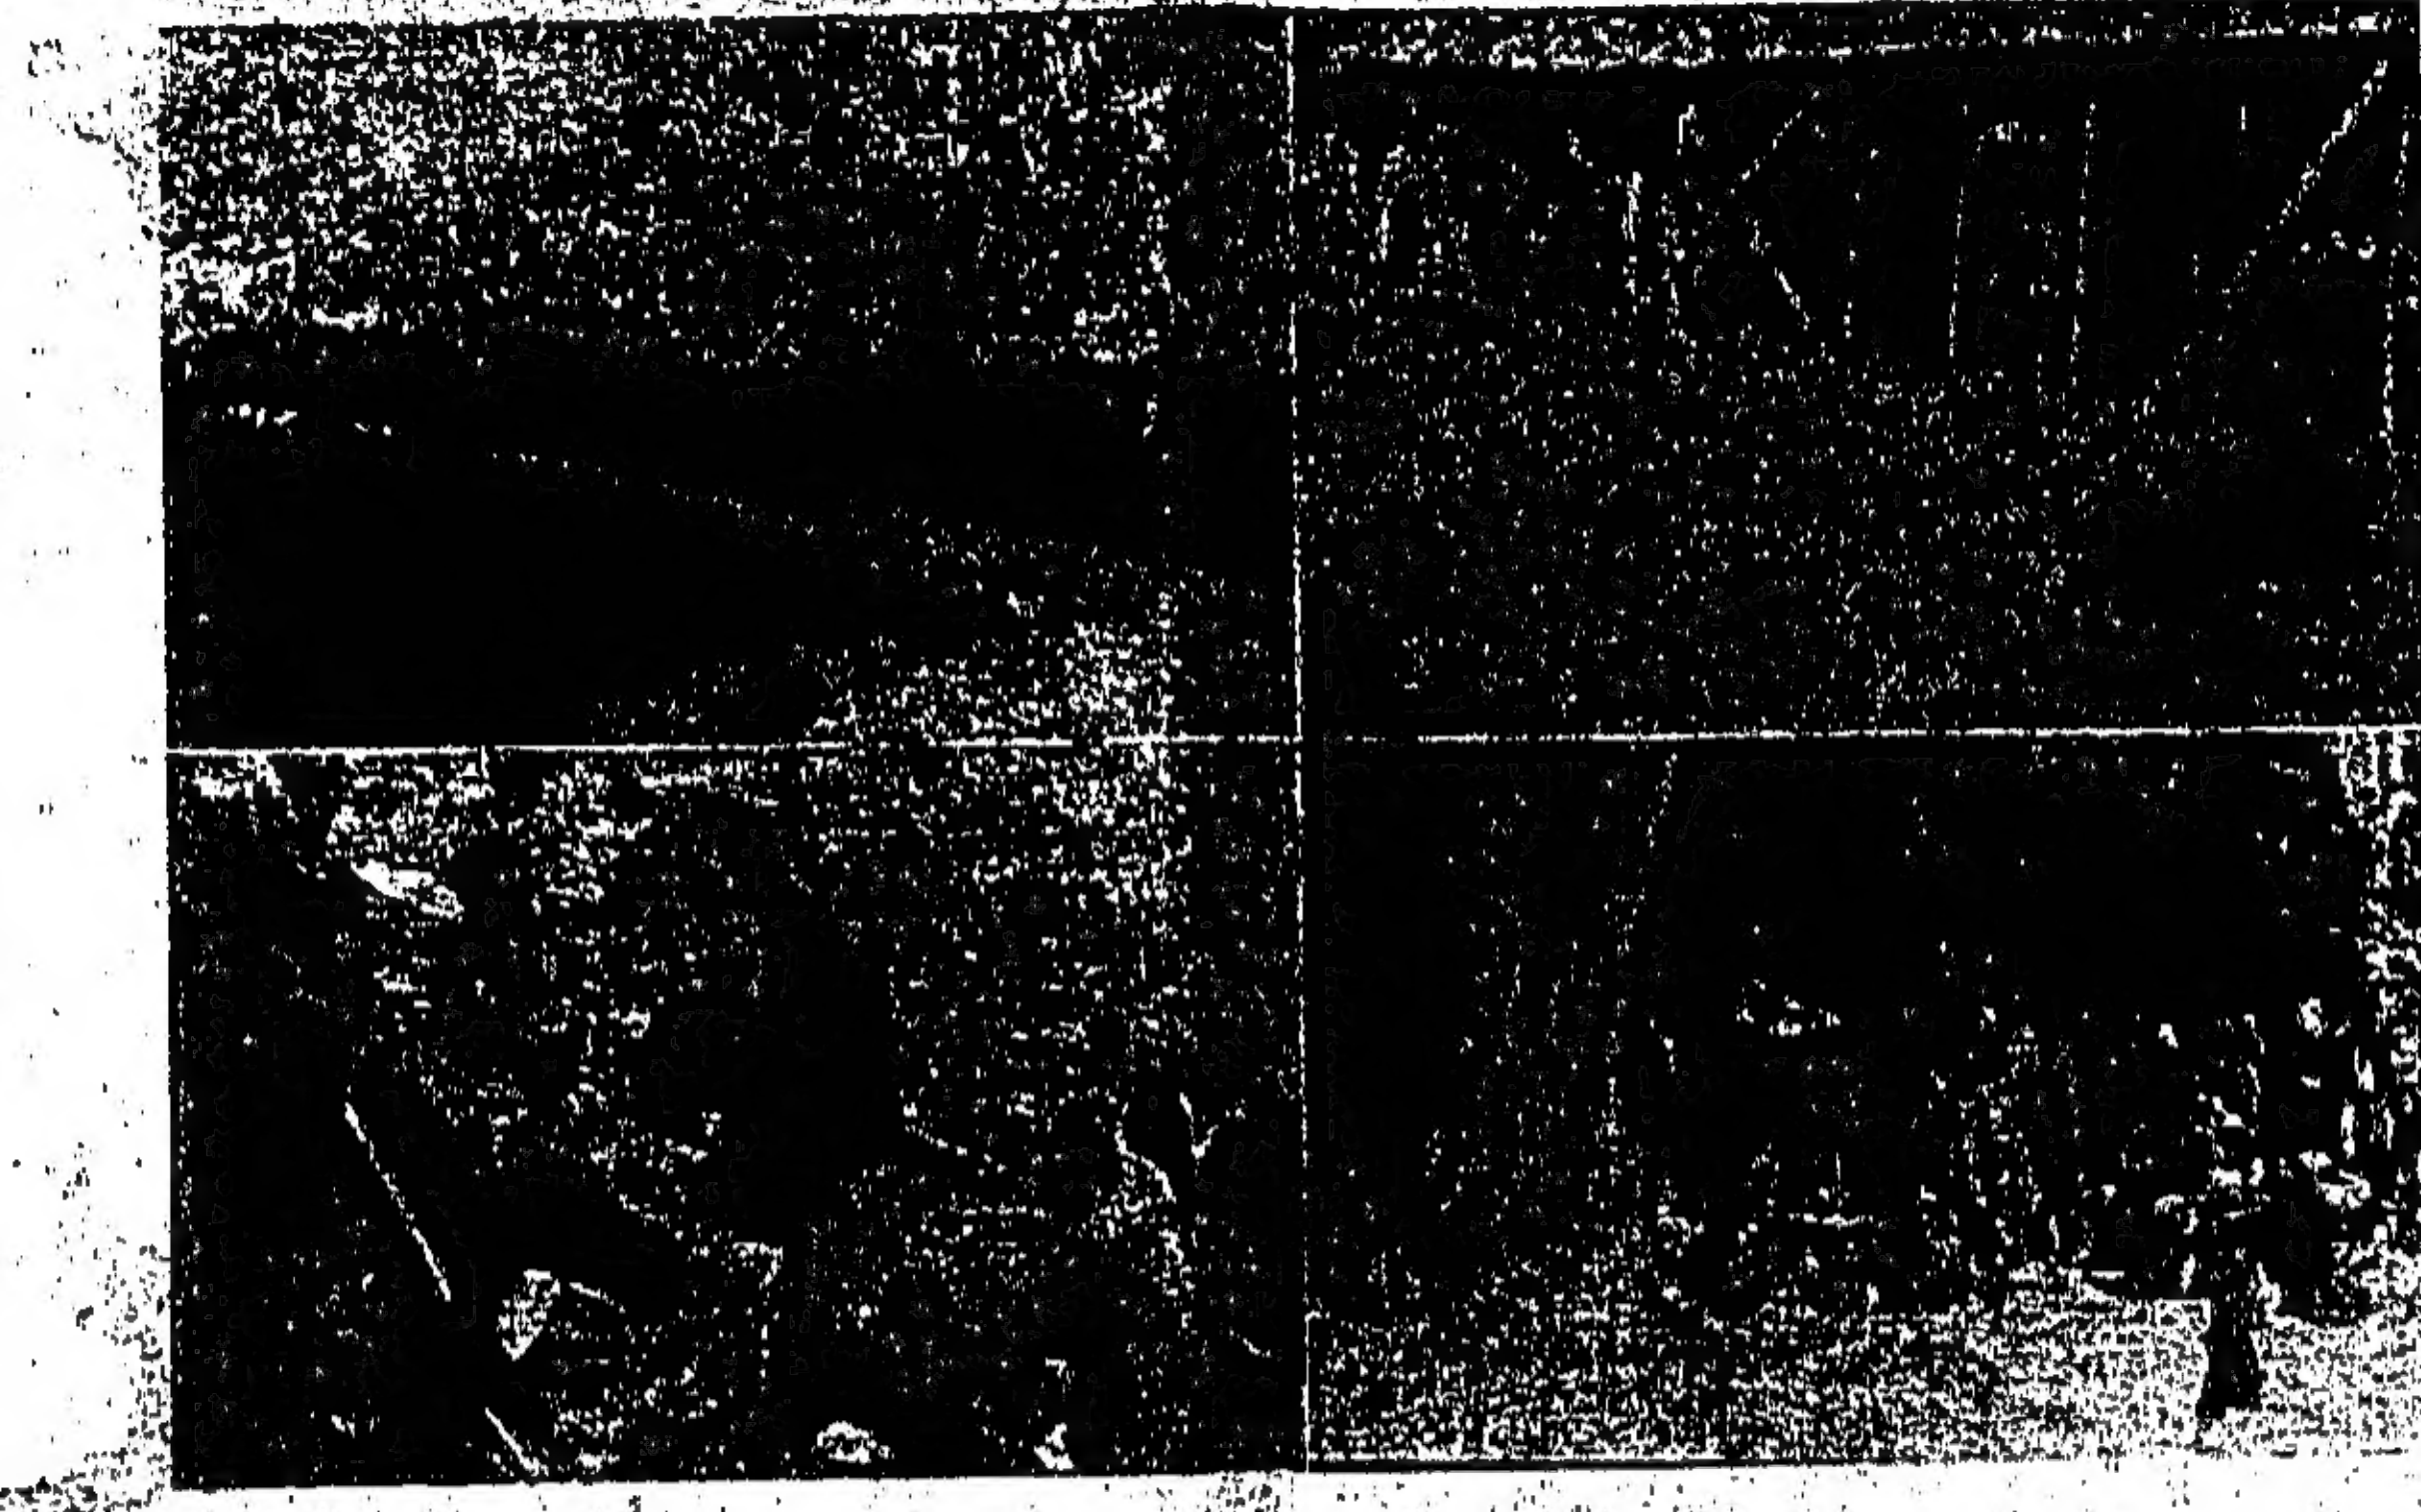

#### OFFICIAL DENIAL

BERLIN, Aug. 18 (Reuter).—The official German News Agency issued a statement this afternoon saying it was authorised to deny the report that Count Csaky had seen Herr Hitler. Neither has Count Csaky seen Herr von Ribbentrop.

Private sources, however, continue to assert that such meetings, as have been reported, in fact, took place.

#### MILITARY TREATY

BRATISLAVA, Aug. 18 (Reuter).—It is announced that a military treaty between Germany and Slovakia was signed yesterday thus putting Slovakia under German military protection. The announcement caused no surprise in London as when Slovakia was proclaimed an independent state

The pictures above, taken by a staff photographer of the "Hongkong Daily Press" at the Border yesterday show Indian police guarding a bridge across Shumchun Creek, groups of refugees, and the mess shed of the Mankumdo Refugee Camp.

## Landing Near At Pakhoi

### KWANGSI INVASION FEARED

(Special to "Daily Press") According to Chinese reports, the Japanese South China Fleet and part of the Formosa Squadron are now concentrating in the vicinity of Pakhoi, presumably in preparation for a major landing to be followed by a push in the direction of Kwangsi.

It is further reported that the British authorities are aware of the Japanese intention to commence operations in that area within a fortnight, and that a British naval vessel arrived in Pakhoi on August 12 and is standing by in readiness to evacuate British nationals in case of necessity.

last year Germany undertook to protect it.

It is reported that restrictions have been imposed upon pedestrian traffic across the border at Low, as both the British and Japanese authorities have imposed a ban.

Barricades of barbed wire have been erected on the British side of the frontier while on the Japanese side sandbags have been piled up practically hiding the Japanese from view.

It is claimed by the Japanese that only three casualties were suffered in the taking of Shumchun.

## BIG REDUCTION IN RENTS

A Chinese newspaper yesterday reported that a drastic reduction had been taken from the rents which have been ruling in Hongkong for the past two years, a certain landlord, whose name was not published, having voluntarily announced to his tenants that he had decided to cut his rentals by fifteen per cent, a month. The hope is expressed that other landlords will follow suit.

## NO CHANGE ON BORDER

Latest reports from the New Territories last night revealed no change in the situation on the border since the Japanese military occupation of Shataukok on Thursday night.

It is reported that restrictions have been imposed upon pedestrian traffic across the border at Low, as both the British and Japanese authorities have imposed a ban.

Barricades of barbed wire have been erected on the British side of the frontier while on the Japanese side sandbags have been piled up practically hiding the Japanese from view.

It is claimed by the Japanese that only three casualties were suffered in the taking of Shumchun.

## LAWYER VISITS FOUR TIENTSIN PRISONERS FOR AFFIDAVIT AND INSTRUCTIONS FOR RENEWED APPEAL

### "Cause Celebre" Involves Many And Varied Aspects

A Reuter message from Tientsin reports that Mr. Barry Eastham, an American attorney representing the Shanghai barristers Messrs. A. H. Reeks and J. R. Jones yesterday saw the four prisoners held by the British authorities in Tientsin on a charge of murdering the puppet Superintendent of Customs in that city. The object of his visit was to obtain from them instructions and an affidavit which would enable a new application for a writ of Habeas Corpus to be filed in H.B.M. Supreme Court for China.

Mr. Eastham's interview with the prisoners lasted for forty minutes and took place in the presence of the Chief Inspector of Police, Mr. Greenslade, whom he gave permission to remain. Leaving the police station, Mr. Eastham said that the prisoners appeared to be well looked after and were accommodated two in each cell.

The "Cause of the Four Men" bids fair to become one of the "causes celebres" of history. It involves not only the innocence or guilt of the accused but also the question of British recognition of the puppet "courts" and through them of the entire situation created in North China by the Japanese invasion. It is a test of British foreign policy and British justice as the Dreyfus case, at the turn of the century was a test of French internal policy and French justice at that time.

The object of the application for a writ of Habeas Corpus is to block the handing over of the four men to the puppet authorities, a course which the British Government announced that it was taking after the Japanese had produced "confidential evidence" implicating two of the men in the murder, and two in "membership of illegal organization." This evidence was never published.

Messrs. Reeks and Jones were briefed through a London firm of solicitors, by two noted legal authorities—Professor Norman Bentwich, K.C. and Miss Margery Fry who appear to believe like many people in Great Britain and in China, that the British government's course of action in this matter was guided as much by political expediency as by purely legal considerations.

## New Hope

LONDON, Aug. 18 (Reuter).—The newspapers are giving prominence to Mr. Justice Cassels' decision to give leave for the issue of a summons for a writ of Habeas Corpus in respect of the four men held in Tientsin.

The progress of the case is being followed with considerable interest in England and the Chinese Ambassador is receiving letters from all sections of society expressing warm hopes that the Chinese prisoners will not be surrendered.

## NAVY REFUTES JAPANESE LIE ON ICHANG CASE

SHANGHAI, Aug. 18 (Reuter).—In answer to the Japanese assertion that Japanese planes did not drop bombs on British ships or property during the raid on Ichang on August 6, the British Naval authorities issued a long statement to-day reiterating their contention that Japanese planes were responsible for the damage.

The statement, which quotes various British official reports, maintains that the Senior Naval Officer at Hankow actually witnessed seven bombs falling on British property ashore and an eighth scoring a direct hit on the British steamer Kiawo which was only a hundred yards from the British gunboat H.M.S. Cannet, causing both the Kiawo and the Hanchangwo to burn to the level of the main deck.

## WITHDRAWAL OF JAPANESE TROOPS

CHUNGKING, Aug. 18 (Reuter).—The local paper, "Tai Kung Pao," claims to have special information to the effect that the Japanese regular troops in China are gradually being withdrawn and that their place is being taken over by reserve troops.

Considerable importance is attached to this report which is said to indicate that further large-scale operations are not intended by the Japanese.

while apart from an interpreter who visits him occasionally, he is in solitary confinement.

The Japanese state that the preliminary investigation has been completed and the case is now in the hands of the Legal Department.

The army cannot, however, say the date of the trial because of the necessity of checking the evidence in "Spear's" diary and developing the films found on his person.

## Japanese Constantly Humiliate Col. Spear Attempt To Break Down Health, Spirit Of Officer

SHANGHAI, August 18 (Reuter).—Instances of the behaviour of the Japanese tending to undermine the health of Lt.-Col. C. R. Spear, who has been detained in Kailan since May 25 were disclosed here to-day.

The Japanese have not yet delivered the food-stuffs sent up by the British Embassy in Peiping on August 5, and as Col. Spear finds the ordinary food offered to him uneatable, he has subsisted throughout his captivity exclusively on dry bread and eggs.

It is also revealed that Col. Spear has not been able to leave his room since his detention because the Japanese have not hitherto complied with his request to send a telegram that he had drafted addressed to the War Office in London asking whether he could accept the Japanese conditions for outdoor exercise; namely that he should be escorted by an armed Japanese sentry.

The Japanese say that the telegram "is still under examination to see whether the information it contains is harmless." If it is, they state, it will be dispatched immediately.

The British officials who recently saw Col. Spear report that while he is not actually ill, he is somewhat exhausted and nervous, largely as a result of having no exercise.

The room in which Col. Spear is imprisoned is comparatively comfortable but not very clean.

## Troop Movements In Canton

### NEW OFFENSIVE PROBABLE

CANTON, Aug. 18 (Reuter).—Judging from the recent movement of Japanese troops, another offensive seems imminent and the opinion prevails here that the Japanese will make an attempt to form a junction with their forces in Central China by obtaining complete control of the Canton-Hankow Railway.

In the past few days, troops have been seen passing through the city at all hours heading in the direction of the Wonsna terminus of the Canton-Hankow Railway.

It is also reported that a large force of Mongolian troops recently arrived in Canton.

## LAWRENCE WINS 100 YARDS FOR 7TH TIME SINCE 1930

### Chan Chun-nam Clinches Half-Mile Title In Aquatic Championships

THE COLONY SWIMMING CHAMPIONSHIPS were continued at the Victoria Recreation Club yesterday evening before a large gallery of spectators, Wilfred Lawrence retaining the 100 Yards Free Style Championship, which he has won 7 times since 1930, and Chan Chun-nam winning the 880 Yards Free Style title.

Lawrence won in 57 2/5 seconds, 1/5 of a second off the championship record, after withstanding a strong challenge over the first three lengths from Ng Tsun-man. The four starters were about level after 25 yards, at which stage Ng Tsun-man moved into the lead to be slightly ahead of the field after two lengths.

At 75 yards, Ng and Lawrence took the turn together, Lawrence gaining appreciably and going on to win handsomely. Ng was beaten by a touch into third place, Chan Wing-kai finishing strongly in 58 4/5 secs. Ng Nin, the only other starter, finished strongly but was at no stage in the race.

The 880 Yards Free Style was Chan Chun-nam's race from start to finish. He was a length ahead of L. Roza-Pereira (winner in 1930, 31, 32, 33) after 500 yards, and finished in 12 minutes 03 3/5 seconds, a good two lengths ahead of Robert Chaine.

#### Issue In Doubt

Chaine swam strongly after a slower start than Roza-Pereira, overhauling the latter swimmer only at an advanced stage of the race. The issue was in doubt up to the 850 yards mark.

He finished in 12:48 3/5, Roza-Pereira's time being 12:54. Yau Sai-kwan, 14-year-old Chinese Y.M.C.A. swimmer, finished fourth, another two lengths behind.

His effort was heartily applauded, but it is deplorable indeed that a youthful swimmer of such promise was permitted to continue exerting himself so unnecessarily.

Victoria Recreation Club won both the 150 Yards Medley Relay and the Women's 200 Yards Relay. The former race, the last on yesterday's programme, was the V.R.C.'s throughout. The latter race was the V.R.C.'s by half a length.

Spectators yesterday were also treated to an illustrated lecture on life-saving technique by Mr. R. J. Hunt, who was assisted by a number of students from La Salle College.

#### THE RESULTS

A summary of yesterday's results follows:—

Boys' 100 Yards Free Style: 1. Pat Jorge, 55 1/5 secs.; 2. Chan Cheong-tim.

Junior 100 Yards Free Style Championship of the V.R.C. (Calvert Cup): 1. L. M. Remedios; 83 2/5 secs.; 2. A. V. Ozorio, 68 secs.

Members' 100 Yards Free Style Handicap: 1. F. Souza, 71 4/5 secs.; 2. C. Mackintosh, 74 2/5 secs.; 3. Jose Marques.

Ladies' Free Style Relay Open (4 by 50 Yards): 1. Victoria Recreation Club (Irene Lopes, Doris Hunt, Barten, Doreen Weir, and Vivien Churn) 2 minutes 14 1/5 seconds; 2. South China A.A. (Lei Po-lin, Lee Chok-wan, Chan Fung-kwan, and Clara Young) 2:21 3/5; 3. Chung Shing Benevolent Society.

## TWO REMAINING LEAGUE GAMES: SECOND PLACE CLAIMS TO BE DECIDED

BY "BOY."

The two remaining League fixtures will be played off this week-end, with the Mindanao engaging in a twin bill. Their opponents for this afternoon will be the Hongkong Baseballers, who have yet to win an official match.

A good battle will be seen to-morrow morning, when the sailor gang meet the Chinese Baseballers at 10.30 a.m.

With "Crooner" Ruel unable to play, Cecil Douglas is having considerable difficulty in selecting his starting battery. Paget may be seen behind the plate with Paintpot Thomas doing the hurling, and this battery should be good enough to hold the light-hitting Club gang.

"Doc" Moithen will have his squad fighting to register one win for the season, but it is doubtful that the Hongkongites will meet with any success.

#### SECOND PLACE

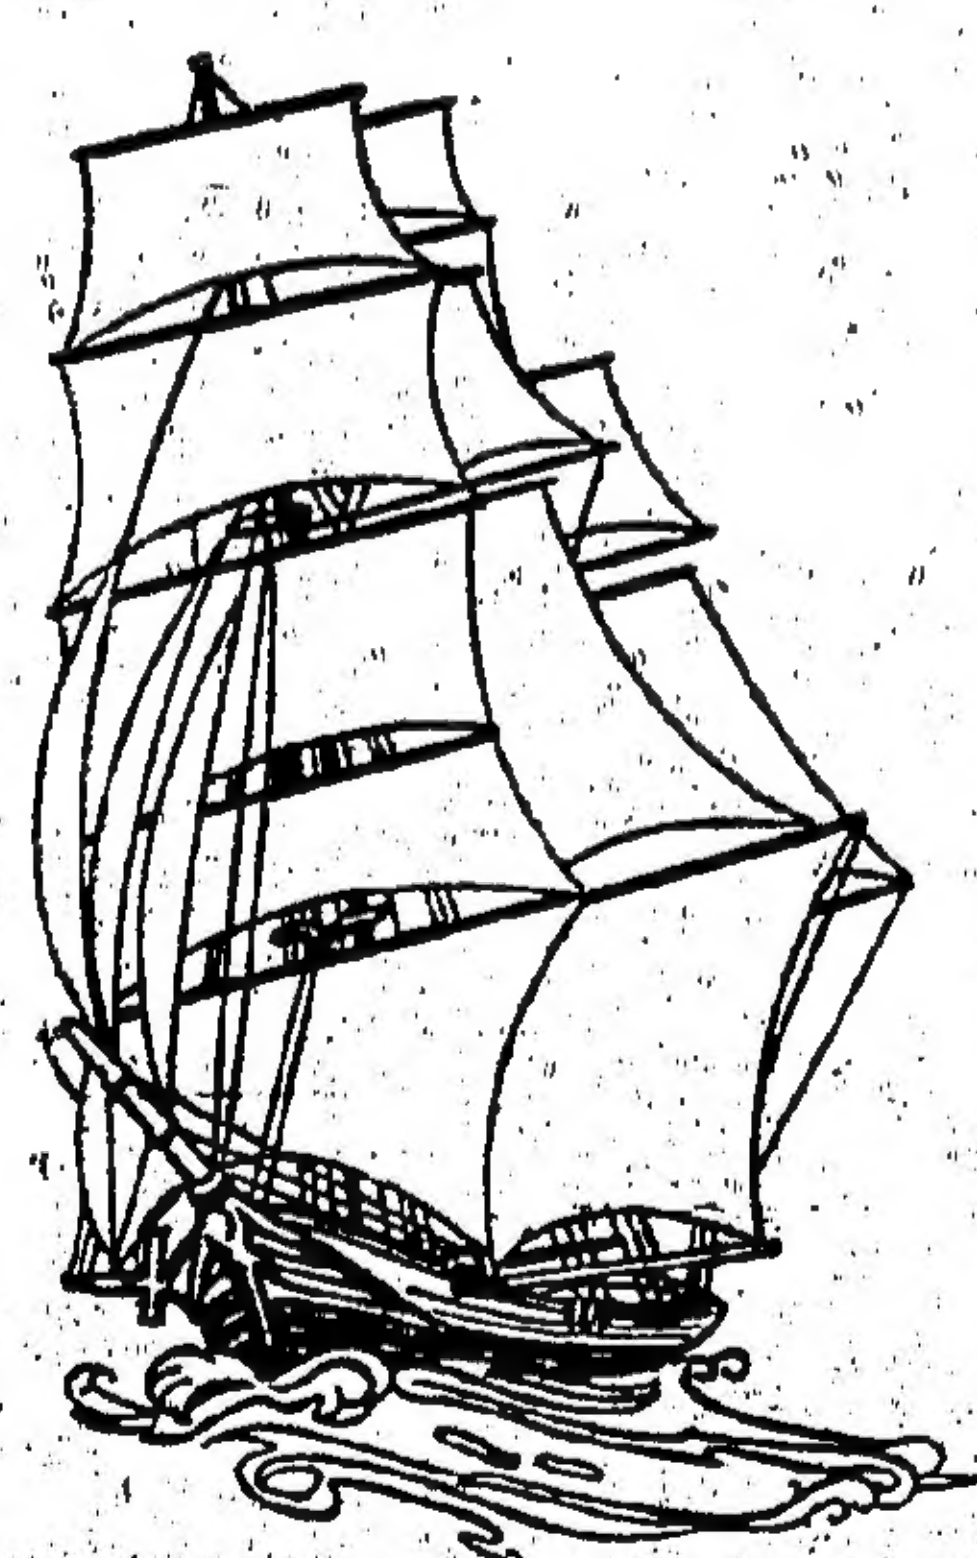

The Mindanao-Chinese Baseballers clash will decide the runners-up position in the League standings as a victory for the Chinese will place them level with the Mindanao. Should the sailors win, these points will give them undisputed right to second place.

To celebrate the 82nd Anniversary of the Hongkong Daily Press, the oldest morning paper in Hongkong, which was established on October 1, 1857, a special supplement is to be issued. This will be printed on good quality paper and will be profusely illustrated, and it will give the best presentation of Hongkong yet attempted.

It being the wish of the publishers of the Hongkong Daily Press to emphasize Sino-British friendship as the theme of the special supplement, a cover design clearly presenting this theme is being sought. #### REORGANIZATION IN INDIA

A further step in district and brigade reorganization has been taken in India.

The 10th (Jubbulpore) Infantry Brigade was detached from Deccan District on August 1 and placed directly under Southern Command E.Q. as the Jubbulpore Independent Brigade Area. As this entails the loss of a brigade to the 4th Indian Division in the Deccan the troops at Poona are now formed into the 7th Poona Infantry Brigade to be part of Deccan District. Hitherto Poona has been an independent area. The territorial limits of the new area and new brigade will remain unchanged for the present.

## "KENTUCKY" AT THE KING'S

With the glorious tradition of the Blue Grass Country as its background and the famed Kentucky Derby as its spectacular climax, "Kentucky," a 20th Century-Fox production which has been photographed in brilliant technicolor, is now showing at the King's Theatre with Loretta Young and Richard Greene heading a fine cast.

Much of "Kentucky" was filmed on location in the heart of the Blue Grass state, and the picture is a revelation of the luxuriant beauty of this land where thoroughbred roam the meadows behind white fences. Moreover, in bringing out the depth and brilliance of the country, the jeweled hues of the jockeys' silks, the crowds and the Derby itself, Technicolor was never used to better advantage.

Lovely Loretta Young has never been better and it almost seems that the role of Sally Goodwin was conceived with her in mind. Richard Greene is splendid as Jack Dillon which Walter Brennan does the finest bit of acting in his career. Douglas Dumbrille, Karen Morley and Moroni Olsen, along with the remainder of the cast, are excellent.

## FLORA ROBSON WILL PLAY QUEEN ELIZABETH IN "SEA HAWK"

IN THE "SEA HAWK" FLORA ROBSON WILL AGAIN PLAY QUEEN ELIZABETH, AND SO ONE HOPES WILL REPEAT HER SUCCESS IN "FIRE OVER ENGLAND."

Also it is announced Miss Robson will be with Paul Muni and Dolly Haas in "We Are Not Alone." The American success of Miss Robson is an interesting one.

The film public, more than the theatre public, demand youth, and the fact that certain actresses have been holding the screen for eight or nine years conveys a suggestion that they are no longer young enough to be attractive, but Miss Robson's rise to favour is in spite of years and the absence of anything which could be called glamour.

### Tragic Actress

Miss Robson would be the last one to lay claim to physical beauty, but she is that very rare person, a really tragic actress. There are any number of comedienne fully equipped with the technique of their art, but neither on the screen nor on the stage can tragediennes be easily found.

Miss Robson has made a great name for herself on the stage in London after many years of disappointment and a hard struggle for recognition.

It is a satisfactory sign that the other public or filmgoers have readily recognized her genius and are not alienated by her lack of conventional good looks.

## M. G. M. ACTRESS' HOUSE

Aside from standing-in for Rita Johnson, Amelia Bachelor will also be building the Metro-Goldwyn-Mayer actress' house.

When not working with Miss Johnson, Miss Bachelor is a contractor and builder. Last year, she constructed three houses in San Fernando Valley and one in Beverly Hills.

Not knowing that her stand-in was a contractor, Miss Johnson started consulting Hollywood builders regarding construction of a Spanish-style home. When Miss Johnson's stand-in learned of these plans, on the stage of "They All Come Out," she offered suggestions and submitted her own plans for an ideal home.

So, when the actress builds, her stand-in will still be working for her—as her builder.

## PLANTER'S GIFT TO BUDDHISTS

The new Buddhist temple, the Asokaramaya, at Hwa Elya, was declared open by Mr. R. F. Lushington, Superintendent of Mahagastotte Estate, in the presence of a large gathering.

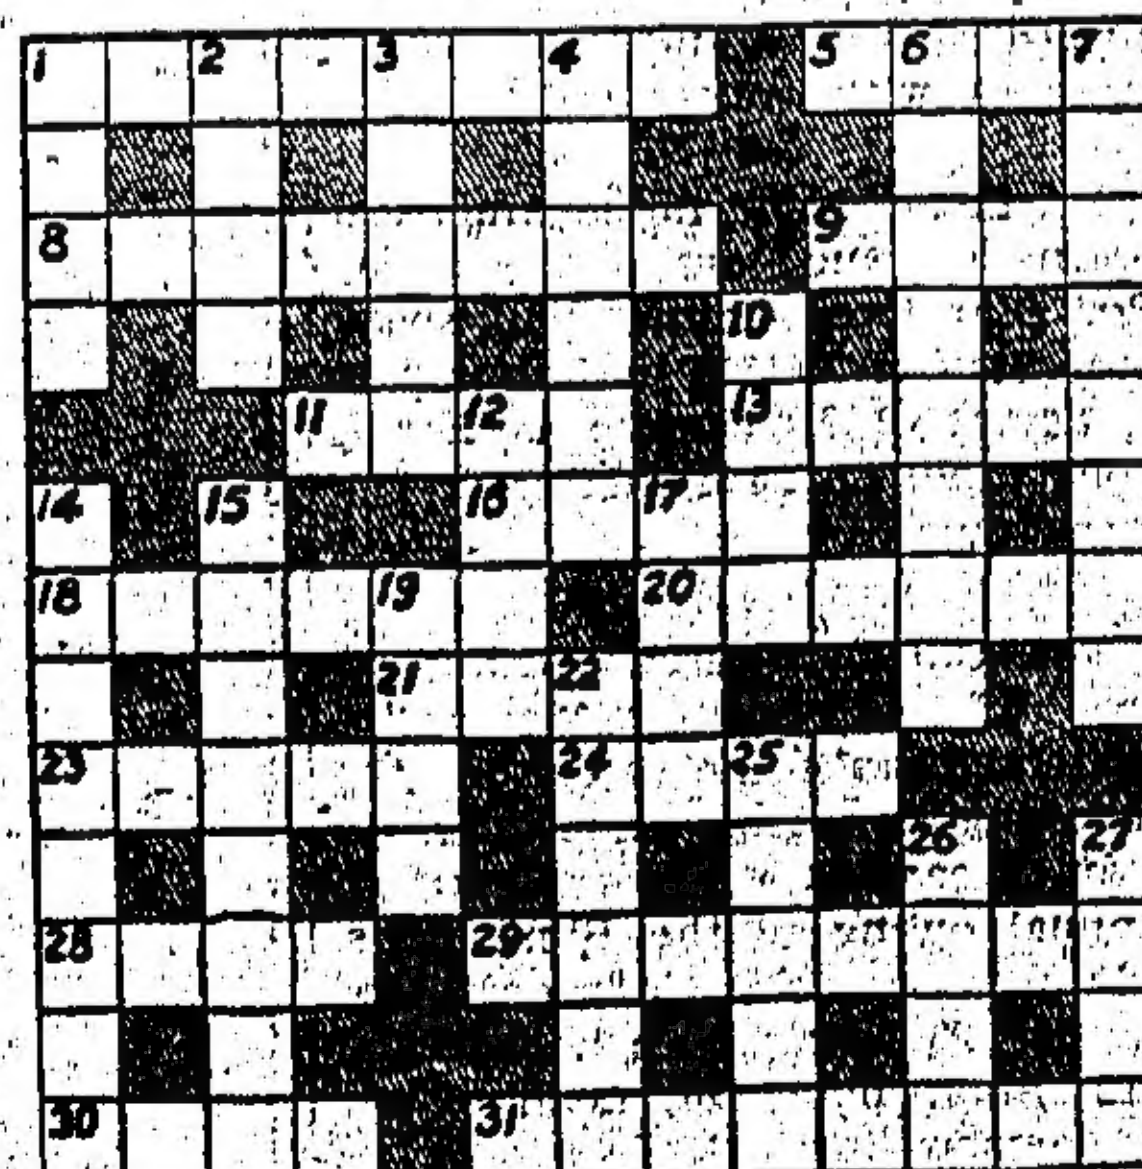

Bhikkhu Narada and four other priests from the Vajirarama, Bambalapitiya, performed the religious ceremonies and took up residence for the Vasa period.

This temple is primarily intended as a health resort for all Buddhist monks, irrespective of sect. It was built on a piece of land gifted to the Hwa Elya Buddhists by the Mahagastotte Estate through the instrumentality of Mr. and Mrs. Lushington, who have identified themselves with various charitable works in the locality.

Mr. P. P. Summanatilleke thanked Mr. and Mrs. Lushington for their presence and Mr. Lushington for the service he had done Buddhists in obtaining for them that land. He thanked the proprietors of Mahagastotte or Baker's Farm as it was known at one time, for their generosity.

Baker's Farm was originally opened out by Sir Samuel Baker, who tried to work a farm on English lines. His efforts did not prove too successful but he introduced good breeds of livestock into Nuwara Elya. A descendant of Sir Samuel, Dr. Baker of Cambridge University, paid a visit to Mahagastotte two years ago for the first time and the event was celebrated with much rejoicing by the villagers.

## FAT DEFICIENCY "BALALAIKA"

### WRONG WAY OF MILKING

Deficiency of fat in milk is often due not to adulteration or to under-feeding of the cow but to a wrong method of milking.

This was stated in the Colombo Municipal Court by Sanitary Inspector Neil Schokman in a case in which he was prosecuting a man named Magarasan. The accused pleaded guilty to a charge of selling milk with a 46 per cent. deficiency in fat, and was fined Rs. 25.

The accused was further fined Rs. 10 for selling milk without a card.

### Under-Feeding

Sanitary Inspector Neil Schokman, prosecuting stated that the deficiency was not due to the under-feeding of cows but the bad milking. The usual way was to allow the calf to drink, then milk the cow and then allow the calf to drink again. This was wrong. The cow in the milking process

"Balalaika," co-starring Nelson Eddy and Iona Massey, has been placed on production at the Metro-Goldwyn-Mayer studios. Lawrence Weingarten is producer, Reinhold Schunzel director. The supporting cast includes Charles Ruggles, Joyce Compton, Lionel Atwill, Walter Woolf King, Dalles Frantz, Philip Terry and Feodor Chaliapin, Jr.

The picture is an adaptation of the London musical success by Eric Maschwitz.

Eddy was last seen in "Let Freedom Ring" while Miss Massey, young Continental actress and singer, made her Hollywood screen debut in "Rosalia."

should be stripped, and it was in that milk that there was the fat. Mr. S. D. M. Burhan appeared for the accused.

Are you sure? I can't believe that all this should have started with a tiny cut on the finger! There must be some way of preventing such awful results... Tell me, what ought I to do?

The smallest cut or scratch is enough for the germs of blood-poisoning to enter. There is only one way to prevent their invasion: they must be killed—at once 'Dettol', the Modern Antiseptic, can be applied immediately. 'Dettol' is gentle and tender on human tissues, non-poisonous and non-staining to the skin—yet death to germs. Your chemist has 'Dettol'.

## A.R.P. Class Pass Gas Chamber Test

Mr. B. Williams, A. R. P. Instructor, yesterday supervised approximately 70 students of Air Raid Precautions classes in a gas chamber test.

Using a garage behind the Colonial Secretary's Office, the students who have passed the test in respiration, undertook their gas chamber test. Each person was given a mask which they attached to their heads and entered the airtight chamber for four or five minutes, thereby testing the mask and receiving instruction in the use and management of the rubber and glass face covering.

The results of the test were successful, according to the Instructor and the students.

While the Corporation of the Town of Timmins has unanimously adopted a resolution to ask the Prime Minister of Canada to take immediate steps to ban the export to Japan of any raw materials, utilised for the making of instruments of war, a motion has just been introduced before the Toronto City Council forbidding civic purchases of Japanese goods.

SIX AND EIGHTPENCE

"Meredith, I want to make my will. My fox-head scarf-pin to my Uncle Philip, unless he remarries. My collection of film stars' portraits, autographed, I leave to the Mese. To my faithful butler, Albert Hawkins, the contents of my cellar..."

"But, Lord Henry, isn't this rather sudden? It was only last night that I chanced to catch sight of you in Regent Street on the roof of a taxi-cab, sounding a fanfare on what appeared to be a hunting-horn."

"Don't remind me of it, Meredith. If you only knew how I feel. Not a morsel of food has passed my lips since a brace of devilled boars at three a.m."

Lord Henry, but in all my long experience I have seldom known a hang-over prove fatal. Are you not cognizant of Ross's Lime Juice?"

"I think so, why?"

"Because the said Ross's, whether taken as 'Gin and Lime' or consumed before bed, 'does,' by virtue of its therapeutic properties, neutralise the after-effects of alcohol and render hangovers null and void."

"Is this true, Meredith?"

"I am speaking, Lord Henry, as your solicitor."

"Thank you, Meredith, from the bottom of my heart. You have given me fresh hope. Believe me, when I do come to make my will you shall not be forgotten."

## ALLEGED CONSPIRACY TO DEFRAUD AMAH

### Promise To Obtain Tenancy In Shanghai Street

A charge of conspiracy to defraud an amah, Hung Ping, of \$180 by means of a promise to obtain a tenancy at No. 398, Shanghai Street, first floor, was preferred at Kowloon Court yesterday against Leung Fuk, of the Hip Sing Paperware Shop, in Lanchuk Road. It is alleged that Leung, and two other men not in custody, sought to obtain \$150 expenses and "shoe money" and \$30 as prepaid rent on the promise that they would obtain the tenancy for Hung.

For the prosecution, Det-Sergt. H. J. Baldwin said that, about two months ago, complainant became acquainted with defendant at the Kwong Chau Tailor Shop in Tai Nam Street. Complainant was then examining a wall advertisement relative to a floor for rent. Defendant told her to come the next day to the Hip Sing Paperware Shop in Lanchuk Road and ask for Leung Fuk, who would help her to find suitable premises. This complainant did, and she explained to Leung her needs, being told to return in a few days. Leung called on a Chinese female whom he told to take complainant to a house in Ki Lung Street but the vacant floor there was not suitable.

#### HOUSE VACANT

Complainant continued to call on Leung and, about 10 days before August Bank Holiday, she was told there was a house vacant in Shanghai Street. Defendant explained that the tenants were five months arrears in rent, and would be evicted.

On the Friday previous to Bank Holiday, complainant visited Leung again and bargained over the money that was to be paid for the house. Defendant wanted \$150 expenses and "shoe money" and \$30 prepaid rent. After some bargaining, complainant agreed to pay this. On Saturday, complain-

ant went again to defendant's house, and he directed another man to take her to look over No. 398 Shanghai Street, 1st floor. Complainant was told to say nothing to the tenants as they did not know they were to be evicted. She was told also to call on Leung the next day when he would take her to see the landlord. As it rained on Sunday, she did not go to see Leung until Monday. They were joined by a second Chinese, and went together to the Man Yun Teashop in Jordan Road where a third man who claimed to be the landlord of the floor in question was introduced to complainant.

#### A DIFFERENCE

All parties then went to No. 322 Battery Street, first floor, where the alleged landlord was supposed to be living. A difference arose about a chop on a receipt given to complainant. Defendant wanted \$100 as deposit, and promised that the chop would be verified the following day. Complainant left the house without having come to any agreement.

At 4 p.m. the same day, defendant and another man went to complainant's house and agreed to take a smaller deposit. Defendant excused himself, and the other man took complainant to the Man Yun Teashop where she paid over \$30 deposit and \$30 prepaid rent. She was told that Leung would take her the next morning to a certain bank where his chop would be verified.

#### NO REVENUE STAMP

Later on the same day, a friend of complainant drew her attention to the fact that there was no revenue stamp on the receipt. They went to the rent-collector at the house in Shanghai Street, who told them that there was no floor vacant and that none of the tenants were in arrears of rent.

On the following morning, Leung did not turn up as promised, and complainant reported the matter to the police.

Leung was arrested at his house and he attempted to destroy a piece of paper which was found to contain addresses of houses, inquiries at which revealed that none were for sale.

### SIX BANISHEES PLEAD GUILTY

#### August Criminal Sessions

Appearing before the Chief Justice, Sir Atholl MacGregor, at the Supreme Court yesterday, the first day of the August Criminal Sessions, six banishees pleaded guilty to the charges of breach of the Deportation Ordinance and were sentenced to imprisonment according to the circumstances in each case.

Wong Lin, Leung Kin, Li Hol, Chan Tak, alias Leung Chung, and Tse Kam-tong, life banishees from the Colony, were each sentenced to two years' hard labour.

Li Sang, whom the Chief Justice remarked was not as bad a character as the others, was given 18 months' imprisonment. He had on previous criminal conviction for aiding and abetting in a snatching ten years ago and four breach of the Deportation Ordinance since then.

### SERIOUS OFFENCE IN ANY COUNTRY

That he had offered a bribe of 31 cents to a police reservist, who had arrested him, was the charge preferred against a blacksmith Wong Yu, at the Kowloon Court yesterday.

Wong was arrested by P.C.R. Reiss for committing a nuisance in a lane near Reclamation Street, and it was on the way to the police station that he offered a bribe.

Defendant explained to the Magistrate, Mr. L. Himsforth, that he had come from the country and was not aware of local regulations. "Offering a bribe to a police officer is a serious offence in any country," Mr. Himsforth told him.

Canadian Trade Commissioner, Major V. E. Duclos, transferring to Shanghai territory.

### PROMOTION FOR MAJOR V. E. DUCLOS

#### CANADIAN TRADE COMMISSIONER'S TRANSFER TO SHANGHAI

A SUDDEN TRANSFER AND PROMOTION has been ordered by the Canadian Government in Ottawa for the popular local Canadian Trade Commissioner, Major V. E. Duclos.

The Commissioner, who has held his present post during the past eight years, will now take over the duties of his position under the Canadian Government in Shanghai territory.

It is with regret that Major Duclos, Mrs. Duclos his charming American wife, and their two young daughters Susan and Jean, will leave Hongkong, the city they call their second homeland. However, the Major's assignment to the north is decidedly a promotion, which is a pleasing compensation.

#### HIS SUCCESSOR

Mr. Paul B. MacLaren, now occupying the post of Trade Commissioner of Canada in Kobe, a position he has held during the past eight years, will succeed Major Duclos in the Colony. The arrival of the new Commissioner is expected by the end of September, or the early part of October.

The departure for Shanghai of Major Duclos at the end of October by the Empress of Japan, will create a vacancy in the business and social life of Hongkong, where his humorous and sporting personality was a decided asset.

### Opium Found In Hollow Of Platform

Evidence was heard before Mr. T. J. Houston at the Central Court yesterday in the case in which Cheung Yuen was charged with possession of opium.

Acting Chief Preventive Officer A. W. Grimmett gave evidence that on August 13, about 9 a.m., he searched the Wing Fong Bricque premises, which covered roughly about half an acre. In the centre there was a raised platform, which was used for sleeping. During the raid defendant and two other Chinese males and a youth were found there.

Witness tapped the walls of the platform and found that part of it was hollow. On removing the earth, a cemented tank with a capacity of 12 cubic feet was found to contain four sacks of opium. Witness proceeded to tap some other places and eventually found another hollow, where another cemented tank with a capacity of six cubic feet was found to contain prepared opium. The opium was taken to the Government Analyst on August 14, and it was found to contain 1,902 taels of raw and 370 taels of prepared.

After defendant had given evidence denying the charge, the hearing was adjourned for a week.

### ARMY BLANKET LOST & FOUND

L/Cpl. Noor Mohd, of Whitfield Barracks, gave evidence, at Kowloon Court yesterday, of finding his blanket, lost three months ago, in a house in Woosung Street. "When I saw my blanket lying on the table," L/Cpl. Noor Mohd said, "I did not say a single word. I left immediately, and went to the nearest police station to make a report."

The defendant, Ng So, 21, a spinner, who was charged with unlawful possession of a Government blanket explained that the blanket had been brought to the house by another visitor. She was discharged.

## JAPANESE AWARDED JUDGMENT

### POSSESSION CLAIM FAILS

An action for the possession of the ground floor of No. 37, Hennessy Road, of which a Japanese, Mr. T. J. Yamoto, was the tenant, was brought before the Pui-sai Judge, Mr. Justice R. E. Lindsell, at the Supreme Court yesterday.

The plaintiffs in the claim were the Yu Hing Company, represented by Mr. W. C. Hung.

The defendant said he had been living on the premises for the last ten years. In May this year he was given notice to quit, but he could not get any vacant flat although inquiries had been made.

#### RENT INCREASED

The rent for the premises was \$52 per month, until last year when the rent was increased to \$63.

He maintained that the premises were being used as a dwelling house, though he had the front portion of the floor converted to a show case for the shop in Johnston Road.

Plaintiffs did not testify or call witnesses to support their claim. Judgment was given for defendant.

### BRITISH SOLDIER SUMMONED

Hearing was continued at the Central Court yesterday of the case in which Pte. W. Reynolds was summoned for driving without due care and caution on July 28, at 12.30 a.m. on Repulse Bay Road. Traffic Insp. Clarke prosecuted.

J. L. Andrew, in evidence, stated that he noticed a lorry on the right hand side with a string of lights. He could not say whether it is stationary or moving.

Pte. B. H. Kane, of the Middlesex Regiment, said that their lorry was stationary at the time when defendant swung out to pass them. He also saw the on-coming car which turned to the left and hit the bank.

The hearing was adjourned until August 21 at 11.30 a.m.

According to the Chinese papers, a leading Macao merchant ended his own life a couple of days ago when he was unable to meet his business losses amounting, it is said, to about two and a half million dollars. The man, whose name was not given, was reputed at one time to be worth well over ten million dollars.

FIGHTING GOES  
ON AS USUAL

THOUGH the Japanese have occupied several towns on the Chinese side of the Hong-kong border without any opposition on the part of the Chinese, their efforts in other directions have not been so successful and sterner opposition is being met. On different fronts in China, success has attended the Chinese army and all attempts to encircle the defenders have proved unavailing. Even Japan's spokesmen have been forced to admit that "fighting has been going on" and they refrain from making exaggerated and fantastic claims to victory to which the public have become so accustomed that no notice is taken of them. This is significant as it might be interpreted as an admission that the invaders not only are being held in check but that they are actually being thrust back by the combined Chinese regular and guerilla forces, whose activities in harassing them have been causing them no little concern.

UNDER the very noses of the Japanese in the Shanghai area and the surrounding districts comes the news, confirmed by Japanese spokesmen, that the guerillas have been very active recently. Units of the New Fourth Route Army have filtered

## Hello &amp; Goodbye

(BY A. W. HYER)

There is a lot of flying going on these days around, about and over our Colony. Lufthansa's Junker-JU-52 plane paid us a call last week on its way to Tokyo and is due for another visit this Monday on the return flight to Germany via Bangkok.

Imperial Airways have temporarily extended one section on their route, which means a weekly round trip flight, Hongkong—Calcutta.

And approximately twenty-five Japanese war planes went flying by, yesterday morning, taking the route north to Formosa and on the edge of Territorial waters, but that is something else again!

All of this air business keeps us "flying about" checking on the "ups and downs" of these aviators!

## Imperial Airways

CAPTAIN A. B. DYKES, in the Delphinus returned to Kai Tak from Calcutta via Bangkok on Friday at 9.30 a.m. No passengers, but kilos of mail from all Empire ports.

Captain J. N. Wilson on Friday at 7 a.m. went flying off to Bangkok.

Mr. M. McD. Holmden, connected with the Hongkong and Shanghai Banking Corporation, went flying down to Bangkok; whether his journey continues to London was not ascertained.

And there was Mr. E. G. Brack, also travelling down to Bangkok.

Captain Joe Davies, all set for a trip to Calcutta via Bangkok, did not depart from Kai Tak until 10.20 a.m. on Friday. His late departure hour was due to First Officer I. Harvey. The First Officer in addition to the local flying staff, only arrived in Hongkong on Friday morning at 9.50. Stepping from one plane to another, he was off again half an hour later for a trip to Calcutta, assisting Captain Davies.

## Pan American Airways

CAPTAIN J.W. NOLAN, took the China Clipper off to San Francisco via Manila on Thursday at 8.30 a.m.

Mrs. V. L. Pruderer, "the flying grandmother" from Chicago, was

through their lines from Anhwei Province and engaged the invaders. Battles have taken place on the fringe of the International Settlement only ten miles from The Bund and numerous engagements are reported from other districts.

ON BOTH the Nanking-Shanghai and Shanghai-Hangchow Railways, traffic has from time to time been suspended and it is even reported that several railway towns were taken by the Chinese while troop trains carrying large batches of Japanese have been derailed and attacked by the Chinese mobile forces, who, armed only with rifles or revolvers and a few rounds of ammunition each, have been causing loss to the invaders.

IN KWANGTUNG Province and in north and Central China, the Chinese likewise have succeeded in stemming the Japanese advance and in pushing them back. And in Shansi, Nature has taken a hand in the form of torrential rains and resultant floods which have turned the entire countryside into a quagmire and completely bogged most of the highways, making it next to impossible for the Japanese to make use of their mechanized units. In this area, it is believed that the invaders have suffered heavy losses and will probably be starved out.

OF COURSE, it is not for a moment suggested that the Chinese have escaped without losses but their casualties have been insignificant in comparison with those of their enemy, who are feeling the pinch. No detailed figures are at present available but it is obvious that a massed attacking force must naturally suffer greater losses than a scattered group like the Chinese guerillas.

AND THIS STATE of affairs must continue and the Japanese will be harassed and worried until she withdraws the last of her troops from China and sues for peace.

practically on the last lap of her round-the-world air voyage. On arrival in the port of the City by the Golden Gate, she will embark on another air liner, travelling to her home in the middle western city.

Homeward bound to Manila travelled Mr. S. F. Wittouck, a director of Islas Investment Co. and Masbate Goldfields, Inc. This business man has been on an investigation excursion in the north and is rushing home to his office and affairs.

An engineer, Mr. J. E. Coaner, was in a hurry to reach Manila—and it is all business!

Camille W. Mooney winds up a short vacation with an air trip home to Manila. This little lady is busy in the military section of the Philippine Government.

## m.v. Canton

THURSDAY, 7.30 P.M. the pride of the P. and O.'s Far Eastern Fleet, the m.v. Canton arrived from Japan and Shanghai.

Mr. M. S. Banner was somewhere about the big ship! Many people seemed to be on the search for the official of the Hongkong Shanghai Banking Corporation. His port of embarkation was Shanghai and he must have arrived though we did not catch him!

There was the jolly Mr. G. Haynes of National Cash Register, standing by the gangway harranging with baggage coolies. Down he comes on a business call from his Shanghai office.

There was Mr. E. Lewis travelling from the North to our city. This gentleman is connected with the Jardine Engineering Corporation.

Miss L. Robinson and Miss E. C. Sullivan are two Shanghai ladies travelling to the Colony on a short vacation.

## Empress of Russia

FRIDAY, NOON, Captain H. Patrick was up on the bridge of the Empress of Russia, ready to commence his voyage to Shanghai, Japan and Vancouver.

The most outstanding passenger on the Empress of Russia, and travelling to Vancouver, was the four-months-old panda. Neatly ensconced in an air conditioned kennel, he will be under the charge of Mr. P. C. Donke who will supervise the woolly animal's trip across the Pacific Ocean, and through America to St. Louis, where its future home will be a big, comfortable zoo!

Mr. A. S. Abbott, local manager of Kelly and Walsh Ltd., was taking a trip to Shanghai, Business and a little vacation carry him North.

Two very popular passengers were Mr. and Mrs. P. Hiatt. The official of the Jardine Engineering Corporation and his attractive wife are journeying to Yokohama after a visit here. Shanghai is the business address most of the year.

We did not have the pleasure of seeing Captain H. Hickling, bound for Vancouver. But we are sure his luggage was aboard as that is all his cabin divulged, piles of well-travelled bags!

Off to England! He was certainly happy about the coming trip and bid adieu to many friends with a constant big smile—Mr. W. T. Yoxall, we mean! This official of the Hongkong and Shanghai Banking Corporation is taking the Canadian route home after his trip across the Pacific.

A weeks' remand was granted, bail being allowed in the sum of \$500.

Insp. A. L. Hopkins said that additional charges might be preferred against defendant.

It was alleged that accused, who resided in room No. 210 in the Hongkong Hotel, presented a cheque on the Chartered Bank for \$50, and obtained the amount from the management. The cheque was later found to be invalid.

RESPONSE

That total of no less than \$200,000 has been collected since its establishment was revealed by Mrs. Rose Tam when presiding at the second anniversary meeting of the Chinese Women's Soldiers' Relief Association, held at the Chinese Chamber of Commerce yesterday.

Of the sums collected, about \$140,000 to \$150,000 had been used for relief purposes, the Association having sent a large quantity of medicines, raincoats and other articles, including an ambulance, to the front.

Mrs. Tam urged members to continue their activities which had, undoubtedly, shown success during the past, and to help the country to resist the enemy until China's aim is achieved.

LONDON, Aug. 18 (Reuter).—

After hearing an *ex parte* application on behalf of the four Chinese prisoners in Tientsin, Mr. Justice Cassels, in Chambers yesterday, gave leave for the issue of a summons for a writ of habeas corpus returnable on Tuesday and directed to the Foreign Secretary, the Consul General at Tientsin, the Chairman of the British Municipal Council and the gaoler of the British prison in Tientsin.

Fines totalling \$50 was imposed on Fung Chen-sun, of Leighton Hill Road, when he pleaded guilty to a summons for driving a car without due care and caution on July 30, and with falling to report a collision, at the Central Court yesterday, before Mr. R. A. D. Forrest.

KOWLOON BUILDING PROGRESS  
CLUBS & EDUCATIONAL  
PROJECTSPhilanthropist's Plans  
For Refugee School

(Special to the "Hongkong Daily Press")

ANOTHER GROUP OF BUILDING PROJECTS IN KOWLOON show outstanding progress of social clubs, educational expansion and the long-proposed "King George's Playing Field" for Chinese children. This shows substantial improvement in the several branches.

The largest building plans for schools have been formulated by Mr. Aw Boon Haw. This well known philanthropist is donating a large area of ground at Fanling and the buildings to be erected.

The project is a School for Student Refugees at Fanling. Twenty-four blocks will be made into a playground, four blocks for classrooms, one block is set aside for practical cooking. The dormitories will occupy seven blocks; four blocks for bathrooms.

## SEPARATE BLOCKS

In nine separate blocks will be housed a library, assembly hall, dining room, kitchen and servants' quarters. There will be a student's workshop, treasury and administration offices with staff quarters. An Infectious Disease Hospital and Infirmary with Dispensary and quarters for nurses will also be built and detached from the group buildings.

An entirely separate unit of the school is the special Agricultural School for Student Refugees at Fanling. This huge, modern and worthy building programme of Mr. Aw Boon Haw's will be the most extensive construction, to date, carried out at one time in the New Territories.

## NEW CLUB HOUSE

Plans for the ultra-modern Royal Fanling Golf Club house in that district have been announced recently.

And the new club house to be erected by the Hongkong & Whampoa Dock Co., Ltd. on their property, for its staff members and guests will be a sample of modern architecture and construction.

The Tai Po Rural Orphanage is erecting "Girls and Boys" units on their property.

A Club House, Hang Hau, in the New Territories is being built by the To Yui Club.

The South China Union Mission of Seventh Day Adventists is building school quarters on New Military Road, New Territories.

On Boundary St. a new Club House will be erected by the Police Recreation Club.

The Church Missionary Society are constructing quarters at Tai Po for the "Old People's Home."

## OTHER PLANS

Several plans for building and improvements have been approved for various churches in Kowloon. And a new theatre is to be constructed.

The Church Hall and Vicarage in Waterloo Road is under the Christ Church congregation.

A new church is to be built in Hillwood Road, numbers 3679 and 3680.

And another centre of amusement for the Kowloon Chinese will be the Chinese Theatre, Un Long, owned by Un Long Amusement Co.

Approximately two years ago funds were voted for two playing fields for Chinese children, one in Kowloon and the other in Hongkong. The field named "King George's Playing Field," which will occupy 9,000 square feet, in Kowloon is situated at Jordan and Canton Roads.

## DESIGN &amp; DECORATION

Three shelters in Chinese architecture and design will be erected in the midst of a children's playground and two general play sections. Flowers, trees, lawns and benches will also decorate the project.

At the entrance to the park will be the "Memorial Entrance." The design of the gateway at the entrance will be Chinese in coloured tile and stone with a roofed archway. Palmer and Turner are the architects for this particular project.

(TO BE CONTINUED)

Mr. B. Basto, of No. 103, Waterloo Road, Kowloon City, appeared as the defendant at Kowloon Court yesterday to a summons for failure to extinguish a light on his premises at 9.50 p.m. on July 27, during the black-out period. Mr. E. Himsforth imposed a fine of \$10.

"WE WANT  
WINSTON"

LONDON, Aug. 18 (Reuter).—An appeal signed by 375 members of the staffs of the British Universities has been sent to the Prime Minister urging the inclusion of Mr. Winston Churchill in the Government.

The signatories are drawn from twenty-two Universities and University Colleges throughout the country and include professors and six heads of colleges.

REPLY THAT  
STARTLED  
BISHOPSUNDAYS DEVOTED  
TO PLEASURE

When the Bishop of Colombo recently visited a family and asked the boys and girls, who had gathered round him, what Sunday School they attended, he received the startling reply "The Galle Face Baths," said Mr. R. G. Latten at the 94th anniversary celebrations of the Cinnamon Gardens Baptist Mission Sunday School.

The modern tendency on the part of some Christian children to forget Sunday school and devote Sundays to pleasure alone was deplored by Mr. Latten.

He was, however, glad, he said, to be able to record the fact that some of the scholars of the Baptist Mission Sunday School were still contributing their share towards the Missionary work of the Baptist Missionary Society.

There was a large gathering of parents and children present.

Service To The Poor

The public meeting, which was presided over by Mr. R. G. Latten, was preceded by a garden party.

The Rev. Robert Lamb, who addressed the public meeting, emphasised the value of dependability—the finest quality which every boy and girl should strive to possess.

Their watchword, he suggested, should be service to the poor, the needy and the depressed.

After the public meeting, Mrs. J. W. Pereira distributed the prizes, which had been awarded to the children of the Sunday School.

## GAMING CHARGE

Fines of \$30 each were imposed by Mr. Q. A. A. Macfadyen, at Kowloon Court yesterday, on Leung Yee, 45, unemployed and Leung Shu, 35, married woman, who were convicted of keeping a common gaming house on the first floor of No. 185, Temple Street.

Twenty-one gamblers, who were engaged in "pai kau" at the time of the raid, were fined \$2 each. Table money amounting to \$9.20 was ordered placed in the Poor Box.

## TENSION EASES IN POLAND: NEGOTIATIONS PROCEEDING

### CONTACT WITH BRITAIN MAINTAINED

WARSAW, Aug. 18 (Reuter)—A feeling of greater ease prevailed in political circles here to-day, contrasting with the pessimism of yesterday, when it looked as though the combustible elements of the German-Polish dispute were about to blaze up.

It is understood that both parties in Danzig are negotiating over the outstanding incidents and M. Chodacki, the Polish Commissioner has instructed further conversations as far as possible.

Col. Beck, the Polish Foreign Minister, yesterday saw the French and Rumanian Ambassadors and the closest touch is being maintained between the British Embassy and the Polish Foreign Office.

It is stated that over forty members of the Young German Party were released, subject to their holding themselves at the disposal of the Police.

It is understood that many of the more serious incidents were withheld from the public because it was considered desirable that anti-German feeling in Poland should not be unduly exacerbated.

#### Report Denied

Polish circles deny the Danzig reports that a party of German journalists were fired upon near the Vistula Bridge yesterday.

The present tension has led to a considerable influx of Polish refugees from Germany.

The French Ambassador, M. Coultandre, returned to Berlin from a holiday on Tuesday and resumed contact by visiting Herr Weizsacker in the Wilhelmstrasse.

According to diplomatic circles, the relations between Germany and Poland were discussed and M. Coultandre emphasized that France was calmly resolved to keep her obligations.

## FRANCE AND BRITAIN REMAIN CALM

### "Four - Power Conference" Propaganda Moves

A rumour that has been most prominent recently is that there exists a plan for a "Four Power Conference" of Great Britain, France, Germany and Italy, but this rumour is felt in London to be merely another move in the so-called "war of nerves" and its circulation is considered to be propaganda with the object of sowing seeds of suspicion in Polish quarters regarding the real intentions of the British Government and for giving the other powers an opportunity for the rejection of such a plan by what might then be called "the bellicose Democracies".

Two Objections  
The impossibility of such methods in solving the Danzig problem must, it is considered, be patent to all observers.

First, and foremost, if there were to be such a conference, Poland would have to be the principal country represented, nor could the U. S. S. R. be omitted.

Regarding the desirability of such a conference, the feeling in London is that this is not a matter for the British Government to decide nor one on which it can express an opinion.

The admirable calm and patience of the Polish Government in the face of ever-increasing provocation is fully appreciated in London. In British circles

too there is no feeling of nervousness regarding the present situation.

France, Unconcerned  
PARIS, Aug. 18 (Reuter)—France remains calm and unconcerned in the face of what is regarded as combined military and diplomatic manoeuvres by the totalitarian powers.

The newspapers here point out that while Germany has 2,000,000 men under arms and Italy 1,000,000 rumours of a conference are being sedulously spread in various forms, but they consider that these efforts to weaken the nerves of the Democracies are destined to failure.

"Les Temps" echoes the general opinion held by declaring that the Vatican is unlikely to summon a Four-Power Conference unless it is assured that the measures do not mean that Herr Hitler's choice is already made or that Germany is resolved to make war, whatever the risks involved.

New Tactics  
Possibly this is a new form of her tactics intended to wear down the resistance of the Democratic powers and to push threats and intimidation up to a critical point, which it may however, have been decided—and for a good reason—not to pass.

If that is the case, German calculation will probably be soon proved false by events.

## Copper And Rubber Rise

LONDON, Aug. 18 (Reuter)—After a week of comparative inertia, copper leaped into prominence this morning with an advance of 20 shillings to £45 a ton, thus reaching the level attained during the boomlet a fortnight ago.

A sudden revival of continental buying together with a particularly large order from Germany is cited as the chief reason for the advance in price.

Rubber proved another commodity to finish the week on a firm tone prices advancing 1/16 to 8-5/8 pence.

Continental trade buying was also a factor in this market, but, at the same time, sentiment was favourably influenced by estimates of the week's decrease in United Kingdom stocks ranging from 2,500 to 3,000 tons and bringing the total down to around 52,000.

## EARS BOXED — APOLOGY — ASSURANCES

### JAPAN'S STRANGE MENTALITY

NEW YORK, Aug. 18 (T/Ocean)—For the box on the ears that a Japanese soldier recently gave a young American woman and which has been reported and discussed extensively since then in the American press, as a "Tientsin Incident," the Japanese Embassy here has tendered an apology.

The Japanese authorities have, at the same time, given assurances that a thorough inquiry will be made into the incident.

The apology was announced by the Under-Secretary of State, Mr. Sumner Wells, on Thursday and was conveyed to Washington by the United States Consul in Peking.

## JAPANESE PLAN TO SEIZE BRITISH CONCESSION IN TIENTSIN SHOULD TOKYO TALKS COLLAPSE

### Puppet And White Russian Troops To Participate In Scheme Of Operations

(From Our Own Correspondent)  
SHAOKWAN, Aug. 17—Secret instructions were reported to have been sent to-day by Gen. Hajime Sugiyama, Commander-in-Chief of the Japanese forces in North China, to Lieut.-Gen. Masaharu Homma, General Officer Commanding Japanese troops in Tientsin, to seize the British Concession there by the end of the month, according to a Tientsin report.

The British Concession is to be surrounded by Japanese troops who will, it is said, disarm the British garrison. The next step will be the expulsion of British subjects from Tientsin and North China.

Start An Incident  
This scheme, it is said, calls for the mobilization of five hundred Japanese troops, 2,000 puppet forces and 300 White Russians. The latter will start an incident to be taken part by the puppet troops.

Then the Japanese troops will demand the handing over of the British Concession under the threat of an overwhelming force via-a-vis the small Japanese garrison. The Japanese will resort to this measure, it is said, if the Tokyo conversations reach a complete deadlock. The sixth meeting took place on July 31, and further formal conversation has been held in abeyance. On the other hand, the same dispatch stated that Britain may resort to economic sanctions and even cancel the commercial treaty with Japan if the Tokyo parleys break down.

Wang Denunciations  
Meanwhile, public bodies here are issuing manifestoes denouncing Wang Ching-wei for his traitorous activities. Japanese occupation of Shumchun indicates that Wang's undertaking that Japanese troops will not push further into Chinese territory cannot be respected.

### PURELY PRIVATE VISIT

CANTON, Aug. 18 (Reuter)—Mr. Katsuo Okazaki, the Japanese Consul-General in Canton, left by air via Formosa for Tokyo on Monday.

It is emphasized that his trip was planned some time ago and has no political significance and it is reported to be purely of a private nature.

### JESUIT PRIESTS RELEASED

SHANGHAI, Aug. 18 (Reuter)—The two French-Canadian priests of British nationality, Fr. Courchesne and Fr. Renaud, of the Canadian Jesuit Mission at Hsin-chowin, who were arrested and held incommunicado at the Japanese Gendarmes headquarters since August 6, have been released according to information reaching the Mission's Shanghai office.

memorandum declares that an interminable period of Government by force would ensue.

#### China War:

## THREE-HOUR BATTLE IN HUPEH

### FLANKING ATTACK SUCCESSFUL

FANCHENG, HUPEH, August 18 (Central)—A three-hour engagement took place at Changshoutien, 28 miles north of Chungshang, in Central Hupeh, on August 15 when 300 Japanese troops launched an attack on the town.

The Chinese finally repulsed the invaders by a flanking attack, killing and wounding more than 100 of them.

#### Town Recaptured

LOYANG, Aug. 18 (Central)—Monanchien, a town at the foot of the Chungshao Mountain Range, in South Shansi, 13 miles south of Chiehshien, which was lost to the Japanese on August 14, has been recaptured by the Chinese.

#### Japanese Eviction

SIAN, Aug. 18 (Central)—Chao-cheng and Fanchien near the western Shantung border reverted to Chinese control after the eviction of the Japanese, according to field reports.

In an effort to retake the towns over 1,000 Japanese infantry, cavalry and artillery men launched a counter-offensive but were repulsed.

#### Heavy Losses

SIAN, Aug. 18 (Central)—A Japanese combined force of about 1,000 infantry cavalry and artillery men launched a counter-offensive on Fanchien and Chao-cheng, in west Shantung near the Hpei border, a few days ago. They were put to rout by the Chinese defenders, sustaining considerable losses.

The Mohammedans in Bombay, India, have addressed a message to the Chinese People's Foreign Relations Association, expressing sympathy with China in her heroic resistance to Japanese aggression. The message says that all Mohammedans will be rallied to voice opposition to Japanese atrocities.

## IMMEDIATE ASSISTANCE

LONDON, Aug. 18 (Reuter)—The Anglo-Polish Treaty is nearly ready for signature, says the diplomatic correspondent of the "Daily Herald." All points are stated to have been agreed upon and there remains only the technical work.

The Treaty will contain definitions of the ways in which the necessity for assistance for Poland might arise and the Treaty will make plain, adds the correspondent, that assistance will be immediate and "without stint" and that immediate war against an aggressor will be carried through to the end.

Though the drafting has not yet been completed, the undertakings are regarded by both Governments as already fully in force.

## DANE SHOT DEAD IN SHANGHAI 6 SHOTS FIRED INTO BODY

### Accosted By Two Chinese

SHANGHAI, Aug. 18 (Reuter)—A Dane, named Holger Peter Krogh, aged 39, was shot dead this morning outside his residence in the Settlement, as he was entering his car to proceed to office.

Two Chinese accosted him as he was leaving the house and asked: "Are you Mr. Krogh?"  
When he replied "Yes," they fired six shots into his body.  
Mr. Krogh was an employee of the Northern Cable Company and before coming to the Far East he served several years with the Northern Cable Company's London office. It was there that he married his British wife, who is at present spending a holiday in Paitain, in North China.

#### WRONGLY ACCUSED

Mr. Krogh was recently accused of hauling down the flag of the Japanese-sponsored Chinese Government in Shanghai and though he subsequently established that the accusation was unfounded, it is suggested that the assassination may be revenge.

Mr. Krogh's house touches the notorious "Badlands" area where various political terrorists abound.

In a mixed pairs Semi-final match played at the Hongkong Bowling Alleys yesterday evening, Dick Veness and Mrs. G. Miller defeated E. Gadar and Mrs. J. S. Landolf by 972 points to 824.

## BRITISH WHITE PAPER POLICY FOR PALESTINE IS CRITICIZED

### Observations By Mandates Commission Of League

LONDON, Aug. 17 (Reuter)—Critical observations by the Permanent Mandates Commission on the British White Paper policy for Palestine, and the United Kingdom Government's comments in reply, have now been published.

The Commission, in a report which will be submitted to the League of Nations Council, states unanimously: "The White Paper policy does not accord with the interpretation which the Commission, in agreement with the Mandatory Power and the League Council, has always placed upon the Palestine mandate."

#### NEW INTERPRETATION

The Commission is not, however, in agreement as to whether the mandate might not perhaps be open to a new interpretation which, while still maintaining its main principles, would be sufficiently flexible for the White Paper policy not to appear at variance with it.

Four members were unable to state that the policy conformed with the mandate and considered that any contrary conclusion was ruled out by the very terms of the mandate and by the fundamental intentions of its authors.

The other three consider that existing circumstances justified the White Paper policy if the Council did not oppose it.

#### FINAL RESPONSIBILITY

The League Council bear the final responsibility for termination of the existing mandate and the Memorandum notifies the intention of the Government to invite the Council to give due weight to the general situation in Palestine which the policy was designed to meet, and asks what the effect would be on Palestine if a policy was pursued without provisions for regarding immigration and other important matters. ## CATHOLIC NEWS & NOTES

### ST. BERNARD OF CLAIRVAUX: ABELARD & HELOISE: BELLS & EARTHQUAKES IN SOLOMON ISLANDS: PARIS PARK IS NAMED AFTER MISSIONARIES

ST. BERNARD, WHOSE FEAST OCCURS TO-MORROW, WAS ONE OF THE MOST REMARKABLE FIGURES IN THE CHURCH DURING THE MIDDLE AGES. HE LIVED IN THE TWELFTH CENTURY. HE BELONGED TO A NOBLE FAMILY OF BURGUNDY AND WAS ONE OF A GROUP OF THIRTY NOBLES WHO ENTERED MONASTIC LIFE TOGETHER.

Included in the group were his father (after his mother's death) an uncle and four brothers. Bernard was twenty-two years of age at the time and had during his education shown great aptitude in literature, especially in poetry. He entered the monastery of Cîteaux where an Englishman, St. Stephen Harding, was then abbot.

This abbey had recently been reformed and it gave its name to the Cistercian Order. Within a few years Bernard was sent with twelve monks to found a new monastery in a valley given by the Count of Troyes.

The place was called the Valley of Absinthe, the Valley of Wormwood, or Bitterness, but Bernard renamed it the Valley of Light, Clara Vallis, or Clairvaux. Bernard's rule was austere but his fame for holiness and his personal charm were such that his monastery attracted men from all walks of life and all parts of Europe.

Clairvaux became the parent of sixty-eight monasteries, and St. Bernard had a reputation and an influence which extended far beyond the borders of France. He combated error in theological teaching with great vigour and did a great deal to raise the standard of ecclesiastical life.

He attended important Councils, wrote numberless treatises and helped to have the election of Pope Innocent II accepted when a serious schism was threatened in the Church. He preached the second Crusade, travelling over a large part of Europe for the purpose, and spreading enthusiasm for it by his letters. During his lifetime he founded one hundred and sixty-three monasteries, and for his writings he is honoured as a Doctor of the Church.

Abelard & Heloise

Many who know nothing of the sanctity and learning of St. Bernard have met his name in connection with the story of Abelard and Heloise, around which a great glamour of romance has been cast. St. Bernard came into conflict with Abelard because of theological errors in the latter's writings, and as he was chiefly responsible for the condemnation of these writings he has sometimes been depicted as the "persecutor" of Abelard, though Abelard himself came to look on Bernard as one of the truest of his friends.

Abelard was not a priest or a monk, though he was a professor of theology in Paris, when he met Heloise, the niece of a Canon of the diocese. Their attachment and the birth of their son caused great scandal in the city when the facts became known, for they were not married and Abelard was a prominent man in the ecclesiastical and academic life of the city. They were married and then they parted, Heloise to enter the cloister and Abelard to leave Paris and become a monk.

Abelard was a brilliant, though not a profound, teacher. His eloquence, handsome appearance and rich musical voice won him great renown, but his errors were numerous and he was extremely vain and impatient of correction. He became eventually an Abbot, but made life so difficult in his monastery that he left it and resumed his teaching in Paris.

The errors in his writings alarmed St. Bernard who tried to reason with him in private and when this failed denounced him to the Bishops. The matter eventually went to Rome and the condemnation was confirmed. Abelard then retired to the monastery of Cluny where he ended his days in peace. At the beginning of the last century, more than six hundred years after their death, the remains of Abelard and Heloise were brought to Paris and buried together in the cemetery of Pere la Chaise.

Bells & Earthquakes

Details of the severe earthquake and tidal wave that took place in the island of Guadalcanal, in the Solomon Islands, only reached the world abroad after word had been sent out telling of a mysterious ringing of bells that puzzled many people.

The ringing of bells was due to the earthquake tremor, and it occurred only in the places that were spared from more serious disaster.

The loss of life from the earthquake was happily not great but many poor villages suffered almost the complete loss of their houses. Many of the Catholic mission buildings were destroyed, especially at Visale.

Other earthquakes are remembered there, but none so bad as this one. There is a large cathedral in this town and it was so greatly damaged that it is quite beyond repair. In one part of the coast the people had a terrifying experience, being hemmed in between crumbling hills and a tidal wave forty feet high.

The earthquake affected the mountains very much so that landslides became continuous all along the hills. At the same time the sea receded for several hundred yards, exposing the sea bed reefs that had never been seen before. Then suddenly the waters returned with terrific force and rushed far inland. The people, who were fortunately not numerous in this place, took up their position half way between the hills and the sea, awaiting their fate. They escaped both dangers.

### LESSON SERMON

FIRST CHURCH OF CHRIST, SCIENTIST, HONGKONG. SUBJECT—MIND

The subject of the Lesson Sermon in all Christian Science Churches to-morrow, August 20th will be "Mind."

The Golden Text will be:—"Who hath known the mind of the Lord? or who hath been his counsellor?—For of him, and through him, and to him, are all things; to whom be glory for ever" (Rom. 11: 34, 35).

Among others the following citations will be read from the Bible:—"The Lord reigneth; let the earth rejoice; let the multitude of isles be glad thereof; As for God, his way is perfect; the work of the Lord is tried; he is a buckler to all them that trust in him. For who is God, save the Lord? and who is a rock, save our God? God is my strength and power; and he maketh my way perfect. O the depth of the riches both of the wisdom and knowledge of God! Many, O Lord my God, are thy wonderful works which thou hast done, and thy thoughts which are to us—ward; they cannot be reckoned up in order unto thee; if I would declare and speak of them, they are more than can be numbered." (Ps. 97: 1; 11 Sam. 22: 31-33; Rom. 11: 33; Ps. 40: 5).

The following citations will also be read from the Christian Science Text-book, "Science and Health with Key to the Scriptures by Mary Baker Eddy:—"God is Mind, and God is infinite; hence all is Mind. The exterminator of error is the great truth that God, good, is the only Mind, and that the suppositions of infinite Mind—called devil or evil—is not Mind, is not Truth, but error, without intelligence or reality. There can be but one mind, because there is but one God; and if mortals claimed no other Mind and accepted no other, sin would be unknown. We can have but one Mind, if that one is infinite. When will the ages understand the Ego, and realize only one God, one Mind or intelligence? The real jurisdiction of the world is in Mind, controlling every effect and recognising all causation as vested in divine Mind." (Pages 492, 469, 204 & 379).

## CHINA'S INDUSTRIAL RECONSTRUCTION

### Wartime Policy Explained: Five Categories

CHUNGKING, AUGUST 18 (CENTRAL).—CHINA'S INDUSTRIAL RECONSTRUCTION DURING THE WAR OF RESISTANCE WAS REVIEWED BY MR. KU-YANG LENG, DIRECTOR OF THE DEPARTMENT OF THE MINISTRY OF ECONOMICS, IN A BROADCAST SPEECH GIVEN AT THE CENTRAL BROADCASTING STATION RECENTLY.

The fundamental principle of China's wartime industrial policy, Mr. Leng explained, is to meet her military needs and to improve the livelihood of the people. Therefore all industrial undertakings are centred on the development of national defence and have their primary objective in the promotion of the twofold campaign of armed resistance and economic reconstruction.

Mr. Leng then went on to describe the development of China's industrial reconstruction under five categories: Electric Power, Equipment, Chemical Industry, Mechanical Industry, Electric Textile Industry.

**Electric Power**—The policy of the Government is to construct more modern and well-equipped electric power plants in important industrial centres, so that other industrial plants could utilise the power to run their plants and to strive for further development at the minimum rate of charge.

**Increase in Plant**  
Before the war, there were 28 electric power plants in the South-west, 5 in the North-west, and 24 in the Provinces of Hunan and Kwangsi with a total generating capacity of about 18,000 kilowatts.

During the past two years, the Government has established more new electric power plants, namely, 5 in Szechwan, 1 in Kweichow, 1 in Hunan, 1 in Yunnan, 2 in Kansu, 1 in Kwangsi, 1 in Szechwan and 1 in Chinghai.

The generating capacity of the electric power plants in the different provinces, which supplies the uses of other industrial establishments, is 12,955 kilowatts in Szechwan, 1,475 kilowatts in Kweichow, 2,340 kilowatts in Hunan, 8,000 kilowatts in Yunnan, 2,370 kilowatts in Shensi, 1,000 kilowatts in Kansu, and 100 kilowatts in Chinghai, totalling 28,340 kilowatts.

The generating capacity, when compared with pre-war days, is increased by 157 per cent. But the generating capacity does not include that produced by other electric plants managed by private concerns with Government financial and technical assistance. So with the rapid construction of new electric power plants, we can say definitely that the generating capacity is decidedly far greater than 28,340 kilowatts.

**Present Policy**  
**Mechanical and Machine Industry**—The present policy of the Government is, on the one hand, to meet the needs of the national resistance, and, on the other, to attain self-sufficiency in the supply of machines to the ordinary industrial plants in the country. At present, the government-owned machine shops are in full operation. During the present year, the works produce steam turbines, gas engines, machine tools, tea-roasting machines, airplane parts and other military and transportation equipment.

These works are run on a large scale and could therefore be counted upon to produce large quantities of machines for home consumption.

As to the privately-owned machine shops, the Government has spared no efforts to give them encouragement and assistance. A majority among those factories which received financial assistance from the Government during their removal to the interior were machine shops.

All of the 134 shops removed to the interior with the assistance of the Government are now in full operation. Some of them manufacture military supplies, while others produce more productive machines, such as prime movers, working machines and tools, transportation equipment, nails, needles, wires and cans.

All machines used in the newly-established alcohol distilleries, vegetable oil pressing plants and paper mills are manufactured by these machine shops.

And they have proved to be quite satisfactory. So these machine shops are making great contributions to the industrial reconstruction of this country.

The shops are making great contributions to the industrial reconstruction of this country.

**Electric Equipment Industry**—The purpose of the Government is to develop this industry, so as to attain self-sufficiency in the supply of this necessary equipment. At present, there are three government-owned electric equipment works which manufacture electric machines, accessories and radio parts.

Their products include conductive wires, non-conductive wires, galvanized iron wires, wires for household use, vacuum bulbs, arkon bulbs, tubes for receiving sets, tubes for sending sets, generators, motors, transformers, switches, oil switches, batteries.

There are 21 privately-owned electrical utility manufacturing plants which, with the assistance of the Government, all of them are now in full operation, and their production is under Government control. All of them have shown their patriotism in instituting day and night shifts to redouble their production to meet the needs during wartime.

**Chemical Industry**—As for the chemical industry the policy of the Government is, on the one hand, to assist those chemical manufacturing plants which were removed to the interior so that within a short time they can resume their work with greater success, and, on the other, to utilise the resources at their disposal in the interior to construct more new plants so as to lay the foundation for the general development of the industry.

Among the Government-owned enterprises are two alcohol distilleries and one vegetable oil pressing plant which can produce in 1939 sufficient alcohol and gasoline-substitutes to supply a part of the trucks and motor cars used in this country, while the production in 1940 will double that of 1939.

It is planned to establish alcohol distilleries in Szechwan, Yunnan, Kweichow and Kansu, etc., to increase sufficiently the production to meet the needs of liquid fuel.

**New Sites in Interior**  
Besides this, the Government is also preparing to establish coal low-temperature distillation, coal hydrogenation, ammonium sulphate, sodium chlorate, celluloid and several other important chemical plants in the southwestern provinces. It is expected that within one or two years, they will be put into operation and produce a considerable amount of important chemical products.

As to the 38 privately-owned chemical enterprises, removed to the interior with the assistance of the Government, they are now all situated in the southwestern provinces and are in full operation. The most famous chemical plants such as Yung Li Chemical Company of Pukow and the Tien Yuan Chemical Company of Shanghai have now been re-established on their new sites in the interior with a large capacity.

**Fifty-Nine Mills**  
**Textile Industry**—Due to the efforts of the Chinese industrialists themselves and the assistance from the Government, no less than 59 mills have been removed and are now re-established in the interior. Chungking in the Southwest and Paotchi in the Northwest are two centres of the Chinese wartime textile industry.

The cotton mills located in the Southwest possess 140,000 spindles and 1,300 looms. Some of them are also equipped with bleaching and dyeing plants to turn out 300 pieces daily.

The Government is also giving

## H. K. STOCK EXCHANGE

It has to be reported that the week's activities have not been of an exacting nature. The turnover has been of only moderate dimensions and were showing incipient signs of improvement until the return of unwanted visitors to the countryside immediately beyond our borders in the hinterland. A noticeable feature of the market has been that in two or three cases where shares have moved from the nominal column to the active columns, in those instances where prices have not remained steady, a slight advance has been registered. Closing tone quiet.

# CATHOLIC NEWS AND NOTES

(Continued from Page 10)

The Catholic missionaries in the Solomon Islands are the Marist Fathers, who have done extensive missionary work throughout the whole of Oceania during the past century.

**Paris Park**  
The Square des Missions-Etrangères was inaugurated in Paris in June. It is a garden at the corner of the Rue du Bac and the Rue de Commerce, and only a short distance from the Seminary of the Foreign Missions. The name was chosen at the suggestion of the Municipal Councillor from that quarter, to pay public and permanent homage to the missionaries who have gone from the seminary to carry Christ's message and Christian civilisation to the ends of the earth.

The Society of Foreign Missions (Missions Etrangères de Paris) was founded in the seventeenth century, during the reign of Louis XIV, and has taken a leading part ever since in supplying missionaries to foreign lands. It was not many years after its foundation that its first priests came to China and it has been responsible for the major part of Catholic missionary work in China down to the present day.

The Seminary in Paris was built on land that belonged to the "Bishopric of Asia" which had been established a short time before that time. One of the titles of the Bishop of Asia was "Bishop of Babylon," and one of the streets nearly has long borne the name of "Rue de Babylone."

It was announced recently that another neighbouring street is to be called the "Rue de Guadalupe" after Bishop de Guadalupe the last Superior General of the Society. A "Rue Pere Robert" in Shanghai already commemorates the present Superior General, who was for a long time in China and is well remembered in Hongkong and Shanghai.
